P.O. Box 129 — New Plymouth

**Modern fashions in the latest CAMELLIAS****SPECIAL PRE-CATALOGUE  
MONEY-SAVING OFFER**

As a special gesture to mark the publication of our latest Complete Catalogue and Cultural Guide we are making this "PRE-CATALOGUE OFFER" of some of the newest and best Camellias in New Zealand. They are a lovely selection of the fascinating forms and colour combinations produced by the enthusiasm of American hybridists.

As our new catalogue is due out in April, the offer is for a limited time only, and it is extended to a selected number of customers on our mailing list who, we think, will be genuinely interested in acquiring the very latest creations before they are generally released to an eager market. The prices are most definitely below those in the catalogue.

Some of the new Camellias are award winners and all of them are distinctive examples of the modern trend in hybridising . . . glowing colours, desirable form, great vigour and health.

Several of them made such good growth since they were planted up in the nursery that they have become available for this special offer, though they were not in time for the list which went to the catalogue printer.

Camellias, of course, prefer a soil well-drained and rich in humus, ranging from quite acid to neutral. They like a balanced artificial fertiliser, and moisture and mulching in Summer. Pruning is usually for shape only.

**We would emphasise that our offer is a special one for a limited time, and the prices are below the catalogue listing.**

For your convenience we suggest that you use this form when ordering:
