LADY X H.T.

New 1969
release

Perfect urn-shaped buds of delicate mauve open to tightly coiled, high-centred flowers. Long straight stems and few thorns make this a delightful variety for cutting. Every flower arranger will want Lady X.

Right:

KABUKI H.T.

New 1969
release

The large, firm, oval buds of burnt orange unfurl to intense and luminous yellow blooms with a high centre which hold their colour until the end. Flowers are carried on long, stiff stems.

Left:

ANNE MARIE TRECHSLIN H.T.

New 1969
release

Produces a wealth of clear cherry rose blooms shaded with crimson and richly scented. The plant is rather tall growing, vigorous and free-flowering.

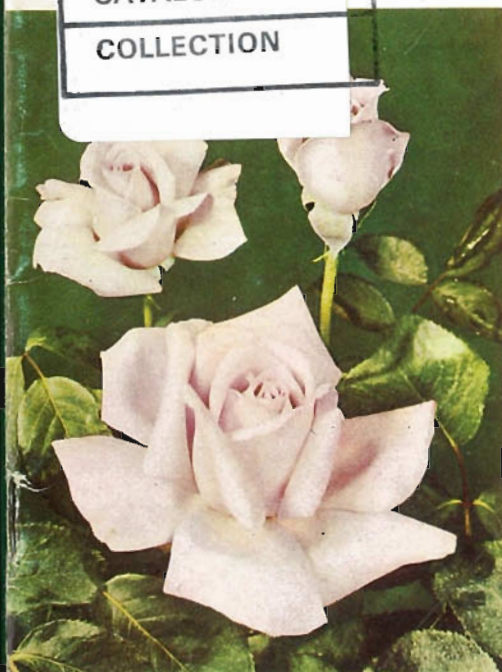

Right:

ARRIANNA H.T.

New 1969
release

The tightly coiled, high-centred buds open wide to a large warm coral flower lightly splashed with rose carmine, richly tea scented. Upright and branching habit, very vigorous. Already awarded five Gold Medals.

Top left:

Clg. PINK PEACE

New 1969 release

This climbing sport of the H.T. PINK PEACE has large flowers, which are coloured tyrian rose with rose amaranth reverse and are deliciously scented. A vigorous free-flowering plant.

Lower Left:

Clg. SARABANDE

New 1969 release

The great floribunda Sarabande, winner of seven Gold Medals in international competitions, now comes in a magnificent climbing form. It continues flowering with flamboyant colour of cardinal red suffused with geranium.

\$1.60 each

Top right:

Clg. CARINA

New 1969 release

This climbing form of Carina takes on an additional decorative value, the big luminous satin rose, pink blooms open slowly and last exceedingly well when cut. Vigorous.

Lower right:

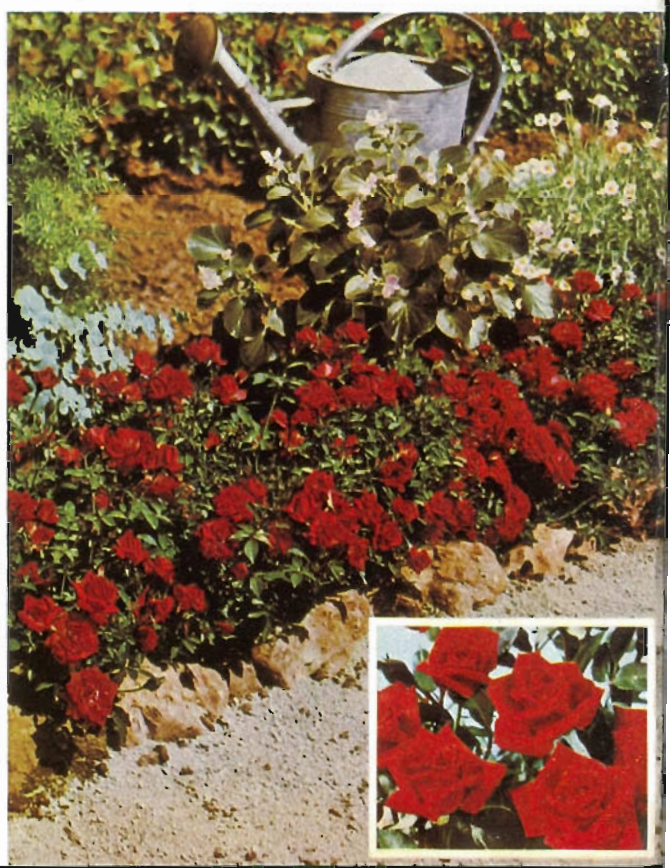

STARINA

Miniature Rose

New 1969 release

The 1 1/2 inch flowers of oriental red with gold and carmine reverse are fully double. Growing to about 14 inches, Starina flowers continuously, often on a single stem as well as in vigorous clusters.

DUNCAN and DAVIES NURSERIES

MAJORETTE H.T.

\$1.60

The coppery-coral blooms are borne on long stems and give a parade of colour, right through the season. A vigorous, healthy, free flowering plant with an erect branching habit.

1968 RELEASE

PHARAON H.T. \$1.60

Named after the great Pharaohs of Egypt. This strong erect grower has clear green foliage, is floriferous and disease resistant. The strawberry red colouring and crimson carmine reflections will make it stand out in brilliance over all the other reds.

1968 RELEASE

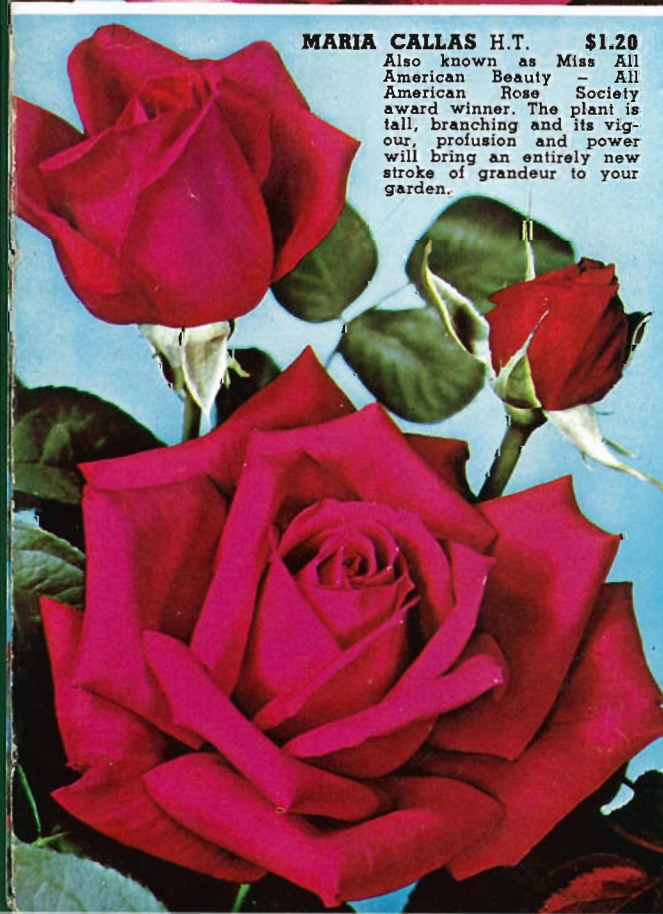

CARINA H.T. \$1.20

The satin rose-pink blooms open slowly and last for at least six to seven days when cut. The bush has a branching habit and the stems are long and smooth with well spaced dark foliage.

SAMOURAI \$1.10

Also known as Scarlet Knight - All American Rose Society award winner. Forms an impressive upright bush, closer to a H.T. than a Floribunda.

MARIA CALLAS H.T. \$1.20

Also known as Miss All American Beauty - All American Rose Society award winner. The plant is tall, branching and its vigour, profusion and power will bring an entirely new stroke of grandeur to your garden.

YOUKI-SAN (FUJI UNDER SNOW) H.T. \$1.20

Pure white and richly perfumed flowers. Not even an oriental flower arranger could improve on the beauty and symmetry of the bloom and bush.

STANDARD ROSES

ROSES WORKED ON A 2FT. 6IN. STANDARD ARE SHAPELY AND ELEGANT. THEY CAN BE USED AMONG BEDS OF ANNUALS AND PERENNIALS, GIVE VARIETY OF FORM TO THE DISPLAYS OF OTHER TYPES OF ROSES, AND THEY FIT INTO ANY GARDEN SCENE. TREATMENT IS EXACTLY THE SAME AS FOR BUSH ROSES WITH ONE EXCEPTION - THEY MUST BE STAKED. A STAKE TREATED TO RESIST ROT, AND PAINTED, DOES NOT DETRACT FROM NATURAL APPEARANCE.

Clg MARIA CALLAS

The excellent qualities of vigour, profuse flowering and freedom from disease which account for the growing success of the extraordinary H.T. MARIA CALLAS are abundantly present in its climbing sport. The plant is covered from the base with the decorative green foliage and the large and luminous carmine flowers of MARIA CALLAS.

Upper right:

PETITE FOLIE
Miniature Rose

The bright red flowers and the dense, finely crenellated foliage make this miniature "giant" - up to 18 inches in height - an attractive addition to the miniatures. It is marvellous in the garden for borders, little beds, focal points, rockeries and rock walls, and invaluable for cut flowers of extraordinary lasting quality.

Lower right:

Clg. CHAMPS ELYSEES

Climbing H.T.

This climbing sport with large unfading scarlet flowers which are very long lasting and are quite unaffected by rain.
