SALES MANAGER'S REPORT

Our new 1977 Tree and Shrub Catalogue is now in production and will be available early April. The cost and suggested retail price to the trade will be as follows :- Cost - 65 cents, suggested retail price \$1.00 each. Minimum quantity order - 5 catalogues. Orders accepted now for April delivery.

We ask all our customers to pay particular attention to the company's Conditions of Sale, Terms of Business, Quantity Discounts, Claims for errors, losses and damages, Payment of Accounts, etc, which can now be found located on the back cover of this list. We regret to say that present day trading economics leave small margin in which to stray from the written rules.

Just to remind you that we are delighted to have our trade customers visit with us and do enjoy showing all around the Nursery. We ask only one small courtesy - please convey at least 24 hours notice of arrival. The Nurseries are located some 9 miles North of our New Plymouth Head Office and such notice allows time to arrange for a smooth visit. We regret to say that customers are not allowed on the Nursery unescorted.

## VARISHADE

Shades excess Summer sunlight and without removal transmits Winter sunlight.

Inside or outside any plastic or glass structure you can help control the amount of solar light and heat with VARISHADE and reduce operating costs. This unique non-toxic Shading can be sprayed, roller-coated, dipped or brushed onto glass or any plastic.

This wet-dry cycle will keep repeating indefinitely. You can regulate the amount of shade you desire by the amount of VARISHADE coating applied.

Rain or outside water sprays will cause an exterior coat of VARISHADE to become practically transparent and thus let in more light when desired. After the rain or water sprays stop, the VARISHADE coating will dry and resume its shading effect.
