BUDDING PATCHES

No. 2	\$8.00 per 1,000
No. 3	\$9.30 per 1,000

We advise all users to order well in advance of requirement date. Supplies from overseas are erratic and there is the possibility that no further supplies will be available for 12 months.

BUDDING STRIPS

These are sold by the lb. (approx. 1,700 strips per lb.) No price available yet. Budding strips are expected from overseas and we are taking forward orders now. We have had great difficulty in obtaining these, so make sure you obtain your full requirements.

LABELS

Plain Tufnyl labels, fan-folded in parcels of 2,000, are available direct from DUNCAN & DAVIES LTD at the very attractive rate of \$19.75. A permanent label for \$0.0.99 cents. Orders exceeding 8,000 receive quantity discount, i.e. \$18.75 per 2,000.

Should you require your name and address to be printed on one side in one colour, this can be arranged at the following additional costs :-

DUNCAN & DAVIES
OPEN GROUND TRADE LIST - 1978

Dear Customers :

We have pleasure in offering our first OPEN GROUND PLANT LIST of the Season. You will find it to be a comprehensive list covering the full range of product grown. Please note the number of special priced items, we trust that you will take full advantage of these products.

Trusting you have read this far we take the opportunity to explain the pricing system used in compiling this list. Deciduous trees and shrubs are listed as bareroot units plus a bagging/balling charge, add these prices together to arrive at your bagged/balled price. We have all registered the impact of rising labour costs and the astronomical rise in transportation costs throughout 1977 and early 1978, and we have been forced to accept and take these cost surges into account in arriving at a realistic balling/bagging charge for 1978. It may be time for all Garden Centre operations having bagging facilities available to consider the advantage in ordering their deciduous stock despatched bareroot. However, we are pleased to continue our bagging service for our full product range to all customers, as long as today's cost factor is clearly recognised and understood.

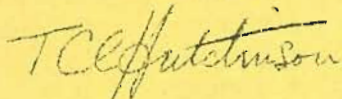

To continue explaining our pricing structure - all evergreen trees and shrubs are listed for convenience as a total unit price and can be accepted as the complete unit price of product. Remember our full unit price, both deciduous and evergreen, includes all packing, freight and label costs and will be invoiced out in this manner.

Our Open Ground grown products have done remarkably well despite a cold spring and drought ridden summer, and grade and quality is well up to our expectations, as all visitors to our nursery this summer will vouch for. Especially good are our crops of RHODOS, CAMELLIAS AND DAPHNE ODORA LEUCANTHE, to name just three.

Dependent upon climatic and ground conditions we anticipate our products to commence coming ready for despatch from May 1st, and as is usual we will be starting despatch with RHODOS, AZALEAS, PIERIS and CAMELLIAS.

We sincerely trust you will find something of interest in our O.G. list and take this opportunity in wishing all customers, old and new, an excellent sales season.

Yours sincerely,

T.C.C. Hutchinson

N.Z. SALES MANAGER.
