CUT FLOWER & FOLIAGE GROWERS

PRODUCT LIST

FOR

1980 - 81

EXPORT AWARD 1975

NEW ZEALAND'S LARGEST PRODUCER OF ORNAMENTAL TREES & SHRUBS

Member of N.Z. Nurserymen's Association

Bankers: Australia & New Zealand Banking Group Limited

63720

We have had repeated requests over the past year from growers and prospective growers of commercial cut flowers and foliage for product at the growing on stage, ready for planting out in prepared nursery ground.

After some hesitation and much thought, we have prepared a product list of plants that we consider may be suitable to produce flowers and/or foliage for the home and export markets. We have also established a programme to evaluate some of our newer products, awaiting their place on the stage, for cut flower and foliage performance, and these will be introduced as they ready.

If customers are interested in specific products not listed, please notify our Sales Department - we may be able to assist.

Please note that the majority of product offered is cutting grown from named clonal stock plants, or in the case of PHORMIUMS and ASTELIA, from root division. Where seedlings are offered, this fact is stated.

Please do not hesitate to book product for 1981 now, or even for 1982 or 1983. Our propagation schedules are organised at least two years in advance and we can easily cope with such forward orders.

Customers requiring a larger grown product, to full two year field grade or large container grade, please state when ordering and prices and despatch times will be quoted.

If you are in possession of clonal material of specific interest to you, we will be prepared to propagate such material exclusively for your use. We will provide special quotes to cover such orders.

*
* We regret that we are not in the position to advise *
* on prospective growing situations, product evalu- *
* ations, or spray programmes etc. If such inform- *
* ation is required we suggest that you contact your *
* nearest Ministry of Agriculture - Horticultural *
* Advisory Officer - for all necessary assistance. *
*

TERMS OF BUSINESS

* CONDITIONS OF SALE :

DUNCAN & DAVIES LIMITED take the greatest care to have all trees and shrubs sold by them to the best of their knowledge true to name and description, but any expressed or implied condition, statement or warranty, statutory at commonlaw or otherwise, as to growth, description or quality of productiveness is hereby excluded and the Company will not undertake to replace failures or be responsible for the crop. If the purchaser does not accept the goods sold to him on these terms, they are to be returned at once, at purchaser's cost.

DUNCAN & DAVIES LIMITED reserves the right to adjust prices, without notice, to meet any unforeseen circumstances.

* PRICES, as shown, per unit, include cost of tubes and trays.

* MINIMUM ORDER : 10 of any one variety.

MINIMUM ORDER : 100 in total.

This is a commercial growers listing and we regret we cannot supply smaller quantities.

* All prices shown are ex nursery and subject to additional packing and freight costs.

* We request 25% deposit when order accepted, with balance of order paid either prior to collection, or on date of despatch or collection.

* We will notify products readiness and request five days notice prior to collection of product from nursery by customers with own transport - otherwise we will despatch on receipt of balance of order payment.

* We ask prospective product purchasers to carefully note propagation dates of the various products offered and to order at the very minimum 30 days in advance (longer notice preferred), otherwise we cannot promise space in our propagation facility and your order will go onto the following year's propagation schedule. Please note propagation times are already tight for 1980 and wherever possible we would appreciate your forward order for 1981 propagation now, or as soon as possible.
