THIS LIST CANCELS ALL PREVIOUS TRADE LISTS

Dear Customer :

We will be carrying a full range of container stock throughout the winter period and you will find that it supports and interlocks with our open ground product. We earnestly request that you give more than a passing glance to this comprehensive plant list.

Early ordering of field grown product has been heavy this year, and we regret that some lines such as Rhododendrons and Magnolias in particular are completely sold out until the new 1981 season.

We inform you that growing conditions have been good throughout 1979/early 1980, and our product has achieved favourable grades.

PLEASE NOTE :

1. PRICES QUOTED are for EVERGREEN PRODUCT despatched BAGGED, AND DECIDUOUS PRODUCT despatched BAREROOT.

- * Please state on order form if you require delivery of DECIDUOUS PRODUCT BAREROOT or BAGGED.
- * If you require DECIDUOUS product despatched BAGGED, a bagging charge will be added to the price shown in this trade list.
- * In past seasons we have come under some fire from the retail trade for under bagging some of our field grown product: THE REASON FOR THIS WAS TO REDUCE SHIPPING COSTS AND MAINTAIN AN ACCEPTABLE PRICE STRUCTURE. We have carefully considered this conflicting series of requirements, and for this season we are using larger bag sizes to suit our products needs. However, bagging and despatch charges will increase to accommodate the larger containers used. In these circumstances it is most important you state the manner in which you require your product processed. WE WILL BE PLEASED TO SEND ANY DECIDUOUS PRODUCT BAREROOT FOR BAGGING ON YOUR OWN PREMISES.

2. WE ASK YOU TO USE THE ENCLOSED ORDER FORMS WHEN ORDERING - THANK YOU.

3. Lifting of field grown product will commence from 1 May, and as is usual, be lifted by variety and despatched in groups as they come to hand. Rose lifting and despatch will commence from 12 May, plant and weather conditions being acceptable.

WE TAKE THIS OPPORTUNITY IN WISHING ALL OUR MANY CUSTOMERS
