WHOLESALE TRADE LIST

### TERMS OF BUSINESS:

1. Prices include labels, packing and freight to nearest railhead.
2. Minimum order 50 plants.
3. Less than five plants of one variety will not be supplied.
4. Own transport ex Nursery — less 10% (7 days notice please).
5. In-store delivery charged.
6. ACCOUNTS: Payment is due on the 20th of the month following delivery. This Company reserves the right to withhold customer's order if their account is not on a current basis.
7. NEW ACCOUNTS: Customers who have not traded with us previously must remit cash or cheque with order prior to despatch.
8. CLAIMS: All goods are despatched uninsured and at buyer's risk. Claims for discrepancies will only be considered if we are advised on receipt of order. Claims for losses or damage in transit should be lodged promptly, direct to the transport organisation concerned (i.e. N.Z. Railways or Road Carriers) — NOT to this Company.

### CONDITIONS OF SALE:

DUNCAN & DAVIES LTD take the greatest care to have all trees and shrubs sold by them to the best of their knowledge true to name and description, but any expressed or implied condition, statement or warranty, statutory at commonlaw or otherwise, as to growth, description or quality of productiveness is hereby excluded and the Company will not undertake to replace failures or be responsible for the crop. If the purchaser does not accept the goods sold to him on these terms, they are to be returned at once, at purchasers cost. DUNCAN & DAVIES LTD reserves the right to adjust prices, without notice, to meet any unforeseen circumstances.

Dear Customers

We advise you that owing to the early spring conditions presently prevailing in Taranaki we have been forced into early decisions with regard to the lifting and replanting of our field grown product.

You will note, therefore, that this September Trade List is much depleted, fortunately with your assistance through product sales, but also from early replant decisions.

However, we have sprinkled our current list with field grown product specials, and those able to provide a quick fire order will take maximum advantage from these lines.

Much field grown product has been bagged on into quality container mix, and will be available to you during the spring and early summer to provide the replacement sales so important to your garden centre sales continuity. These bagged lines are particularly strong in evergreen shrubs and conifers, and we can assure you of a maximum quality product.

Field bagged product lines are clearly identified from our normal container product range in our Trade List.

We are receiving every indication that the spring gardening season is away and running, and many of our customers are reporting healthy sales. We take this opportunity to wish you all a tremendous season with super sales and happy customers.

.....and if you need more product you know where to come –  
just phone or write to DUNCAN AND DAVIES.
