AUCKLAND YARD CLOSURE

Dear Auckland Yard Customer :

Please note that as from 23 December 1983 we will no longer be operating our Sales Yard at New Lynn.

We take this action primarily because our Company Development Plan calls for increased open ground production whilst simultaneously scaling down our container growing facility. This of course means that the great proportion of our production may only be shipped "in season" and virtually does away with the need for all year round product holding facilities.

From the above date therefore, all orders will be despatched direct to customers from our Brixton Nursery. We do appreciate that some customers may miss the convenience of being able to select small quantities of stock. However, as part of our overall plan for improved quality at best prices, we believe our action will be to the benefit of all. We are also actively pursuing the possibility of offering attractively priced door-to-door deliveries from Brixton next season and will have more details of this early in 1984.

We take the opportunity of thanking you for your patronage of the Yard in the past and also acknowledge the many hardworking hours put into the Auckland Area on our behalf by John and Barbara Davies (plus Wendy of course!). So please, from the New Year put all enquiries and calls concerning Duncan & Davies through to our Brixton Nursery to our Taranaki Team :
