FROM THE M D's DESK:

Dear Customer

Christmas is usually a hectic time for most businesses and certainly the Nursery industry is no exception. Here at Duncan & Davies, Christmas seems to start around June with the lifting of Winter crops, and the pressure never eases until early December when the new season's planting is finished.

Then we go on holiday and start watching the skies anxiously if there hasn't been any rain for a few days!

This year I'm trying to beat the Christmas rush by going on leave a week earlier, but all that seems to have happened so far is that more work has to be done in less time! However, all going well I'll be on the Milford Track on December 18th trying to shed a few excess kilos before the festivities start in earnest.

I hope that your own holiday break proves to be a happy and relaxing occasion with plenty of time to recharge the batteries before facing up to the rigours of 1985.

Thank you for your support during 1984 – we look forward to supplying you in 1985 with the best plants and the best service possible.

Merry Christmas and a Happy New Year!!
