Dear Customer

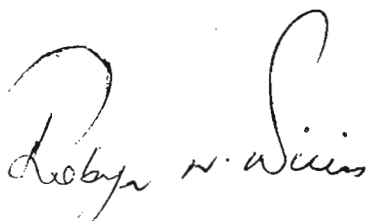

We are pleased to present to you our June/July Trade List. This would be without doubt the most comprehensive list of the year. The growing season has been kind, and we have realised the quality you as a retailer expect from us. In fact some lines are really over the top.

Winter deliveries have commenced in earnest, and recipients have been more than pleased showing that our Quality Assurance programme, implemented two years ago, is working well ensuring you receive top quality product from all lines produced.

We have all experienced a busy Autumn, optimism within the industry for the Spring months is great.

Plan carefully, select your product from our wide range of plants and be prepared for those sales. Remember you can advise us as to your delivery time, and we will endeavour to meet those requests.

We have representatives visiting on a monthly cycle to assist with your order, or contact us here at Head Office for prompt and friendly service. Pay us a visit, we welcome visitors at the Nursery.
